VOL. XXXV - NO. 18

MACDONALD COLLEGE

FRIDAY, MARCH 1, 1963

SELECT THEN ELECT

Doug Jose, Grand Champion Showman College Royal '63.

Today the polls are open and we are again being given the opportunity to elect a Student's Council, the final authority in the running of student affairs on campus. The people being chosen will be making important decisions concerning our activities next year. They, therefore, should be chosen by the majority of voters, not as in past years, a small percentage of the eligible students.

The positions to be filled on Council are listed below with students nominated for each. Come to the polls some time today, and make your choice known. There is no room on this campus for students who can't find energy to come out and vote, yet are always ready to complain about the administration when some decision has been made.

The polls in the main building will be open all day. Come out to vote sometime today and don't forget your students card.

President

— Dave Appleton
— Dick Whitaker

Treasurer

— Brian Kennedy
— Ted Horton

Vice-President

— Joanne Bush
— Susan Ward

Gold Key

— Jim Banting

Secretary

— Mary Quilliams
— Louise Knowles
— Joe Knox

Womens' Resident Committee

— Ann Krieg
— Sandra Kay

Men's Resident Committee

— Bill Sceviar
— Jill ESSAR

M.A.A.

HOCKEY MARATHON

"Use your legs to save legs."

Tonight marks the start of the longest continuous event on ice ever held on any campus — The Hockey Marathon. For this event to be a success, we need 100% participation from the Clan Macdonald. If you haven't already registered for the marathon, get with it.

Two trophies have been generously donated by local

breweries. One will be awarded to the female class team and the other to the male class team with the best participation.

Mr. Hayes, Vice-President of the Quebec Crippled Children's Society, will be on hand Saturday, at 2:30 p.m., in Glenfinnan Arena, to receive a generous donation from you the hockey players. Following this, we have several feature games — the "Limies" against "Dike

Pluggers" and the "Aggie Profs" against the "Education Profs" and, above the "Swampies" against the "Canadians." But don't forget the Mac Girls' Intercollegiate game also.

JUNIOR PROM

Do you dream of a holiday in Europe? Are you fascinated by stories of "Paris by Night"? Then come to the '63 Junior Prom on March 8th, in the old dining room, from 10:00 pm. - 2:00 am. Lenny Rubin and his orchestra are helping us to create the illusion with the magic of their music. The Eiffel Tower, sidewalk cafés, and other familiar Paris scenes, will all contribute to the enchantment of an evening in Paris. Even the food will have a French accent.

The Junior Prom Committee was appointed in January and have been hard at work ever since. The decorations are in the making with that engineering fet, the Eiffel Tower, nearing completion.

Tickets are already printed and sales will begin on Monday, March 4th, in the Stewart Foyer at noon and supper time.

This year Dr. and Mrs. R. H. Common, and Dr. and Mrs. R. O. Hawes will be in the receiving line as our Honoured guests.

This year's committee consists of:

Co-chairmen — Joanne Bush
— Roger Jones
Decorations — Matti Pirhonen
Programme — Janet Walker
Reception — Reg Greene
Orchestra — Dave Campbell
Refreshments — Marilyn Boyd
Advertising — Don Beaton
Steward — Brian Kennedy
— Janet Walker

ANIMAL SCIENCE CLUB TOUR

As planned, the club will be having a farm tour of Glengarry County, Ontario, on March 16th. We will be visiting five farms, and a modern dairy plant. To be sure you are among those that will be going, you will have to purchase your ticket early. Ticket sales close March 9th. The cost is just \$3.00 per member, lunch included. Get your ticket from: Bob PARKINSON, Mike MAHON, Wally McEWEN.

FOOTBALL AND / OR ?

The time come has for a reappraisal of the sports situation at Macdonald. At present, both at the intercollegiate and interclass levels, sport is in a very unsatisfactory state. Our intercollegiate teams lack the support, spirit, and equipment to win. Inter-class sports are run on such a second rate basis that Macdonald can lay claim to the dubious distinction of having the only touch football league in the world which operates, literally, in the dark.

At this point we have several alternatives. We can :

- 1.) show typical Mac apathy and let things stand as they are.
- 2.) put more emphasis on intercollegiate sports by investing more money in them.
- 3.) abolish high-cost sports such as football and shift the emphasis of our sports program to the intermural level.
- 4.) by raising fees, obtain more money and raise the contribution on both the intercollegiate and intermural level.

If we are to adopt an alternative requiring that more money be spent on intercollegiate sports, let us consider what returns we get on our investment. Intercollegiate sports can help the College by : 1.) increasing College spirit 2.) providing enjoyment 3.) giving the College publicity 4.) helping us to become more familiar with other Colleges. They are also a source of enjoyment to the players involved.

At present we invest almost three thousand dollars in the football team. Since there were only four league games, the cost per games becomes disturbingly high. The crowds at this year's football and hockey games have not been as great as they should be to justify the expense involved. This, of course, is partially due to poor publicity. However, the fact that there is apathy is obvious.

The solution to this problem is far from simple. Other Colleges, such as Carleton, have admission charges for intercollegiate games. Their sports program is, consequently, partially self-supporting and the increased money gives them excellent equipment. But can we hope to get any crowd at all paying admission when we get small turnouts when no admission is charged.

An alternative to the present system is the very radical approach of abolishing high-cost major sports. As radical as it seems, there are some sound reasons for adopting such a policy. Sports, after all, are much more beneficial to the individual who plays them than to the spectator. It has been said that America is a nation of spectators. Is this what we are condoning at Mac? Intermural sports are now on a basis which makes their effect as a means of attaining physical fitness negligible. One cannot get into shape playing twenty minutes of hockey a week. Out of a total M.A.A. budget of eleven thousand dollars interclass sports received a paltry two hundred and fifty dollars. But here is where the participation factor is highest. Putting the money spent on high-cost intercollegiate sports into intermural sports would give us at least one first-rate program.

The best solution, of course, is to get more money for sports on both levels. But can we get enough to make a good job of both ! Is the lag in our program due to apathy or to indifference ? It is obvious that there is much room for improvement. Only the students can cause corrective measures to be taken. There are steps which can be followed to cause a plebescite. Let us snap out of our lethargy and decide what we want done, and then let us exhibit enough initiative to revitalize our sports program.

Peter Anderson

Phyllis in Focus

Phyllis Carkner

If a prize were given for the most active participant in this year's College Royal, Phyllis Carkner, H. Ec. '64, would have won in a "walk."

The Winchester Ont. native started her iron-man stint a week before the Royal when she entered the Royal Tractor Rodeo. She didn't win, but she was not at the bottom of the heap either, proving that women are not "the world's worst drivers." She followed this up on Saturday night with a stellar display of footwork as a member of the class of '64 square-dance team.

She spent the day of the Royal running back and forth between the cattle pavilion showing her Angus heifer and the Assembly Hall where she displayed her artistry with a needle and thread at the Fashion Show. Then, she says very modestly to your "Fault-Ye" photographer, "but why do you want my picture?"

DAVE SMITH

LETTERS

to the editor

Dear Sir :

Two letters have been written to the producer and the director of the Green and Gold. All of these letters were abusive, ill-written, and inaccurate. Not one of them was signed. It is time that this person stopped his childish pranks or summoned up enough guts to back up his sickly talent.

R. S. Whitaker

ROYAL OF '63

Awards night on Friday, February 22, brought to an end the official activities of "Macdonald in Focus". From all reports it appears that the show was quite successful and visitors went away with good impressions of Macdonald College. The weather was a bit cold and the number of visitors was down from last year, but activities were well attended.

Other events held previous to Royal day were quite successful. Participation in the judging competition put on by the Animal Science Club was good and placings were close. The executive is grateful to Wally McEwen and members of the club who put on this worth-while event. The winner of the judging competition was Melvin Barclay and the runner-up was Marinus Van de Sande.

The Tractor Rodeo was held on Friday Feb. 15 in Glenfinnan Rink and had representation from nine classes. After several hours of competition under quite "cool conditions", Roger Buckland was declared the winner.

In the Square Dance competition on Sat. Feb. 16, the Frost Aggies and Home Ecs. were declared winners over three other teams taking part. This team put on a very good display of dancing and were well received when they took part in the Phys. Ed. displays on Royal Day.

The Phys Ed displays were greatly praised by all who were able to attend. Both showings had capacity crowds, and, unfortunately, many more had to be turned away due to lack of space.

Booths, exhibits and displays were of a high caliber, and favourable comments were received from the judges, guests and visitors who circulated, about on Royal Day. Many were unable to see everything and spend as much time as they would like at the displays, but no one was bored by having seen all there was to see before the day was over.

The climax of the show came at the pavilion where the showmanship competition was held. After a very successful day of showing, winners in separate divisions were declared and the high point of the show was reached with the keen competition for the Grand Champion Showman award. The winner, Doug Jose, Agr. 1, received high prize from the judges for his "ability at the halter". The Reserve Champion Showman was Bob Robson, Agr. 11.

Awards night closed the activities with the presenting of trophies and prizes to the many winners of the day's events.

The program was brought to a close when Dr. Dion, Dean of the Faculty of Agriculture, presented Mike Marco, the College Royal president, with an inscribed cane as a symbol of his office. This cane will be presented to succeeding presidents to carry on the day of the Royal.

Ray Nicholson

ROYAL AWARDS

Inter-Option Booth Competition - General Biology.

Grand Champion Livestock Showman - Doug Jose - Agr. 1.

Reserve Grand Champion Livestock Showman - Bob Robson - Agr. 11.

Champion Holstein Showman - Doug Jose - Agr. 1.

Champion Ayrshire Showman - Doug Sargeant - Agr. 1.

Champion Angus Showman - Larry Cooke - Dip 1.

Reserve Champion Angus Showman - Stan Lopushanski - Agr. 11.

Champion Swine Showman - Bob Robson - Agr. 11.

Champion Sheep Showman - Sue Mathison - Ed. 11.

Champion Lady Showman - Barbara Prescott - H. Ec. 1.

Inter-class Showmanship Competition - Agr. 1 and 11.

Champion Livestock Judge - Melvin Barclay - Agr. 111.

Inter-class Square Dance Competition - Agr. & H.Ec. 1.

Tractor Rodeo Competition - Roger Buckland - Agr. IV.

Home Economics Trophy -

DEATH NEXT?

In a recent issue of the Dorval Reporter, which is a local weekly newspaper I came upon an article that made me think where civilization on the Lakeshore ends and where it begins. I quote the article from the Dorval Reporter as the following:

Beware if you play hockey in Ste. Anne de Bellevue. On January 28, 1963, at 9:15 p.m. a young hockey player was badly injured at the Macdonald College Arena. As the facilities at the Arena for emergencies are very poor, the first thought of the coach was to phone for an ambulance or police car but no telephones were available, so the next best thing to do was to drive the injured player to the Lachine General Hospital. So four good fellows had enough courage (God bless them for it) to drive the injured player, who was bleeding very much and had a fractured skull, fractured nose, and fractured cheek, all the way to Lachine.

On their way out of the Arena on Maple Avenue, they spotted a police car, so it was only normal to ask for help. After telling the constable that they had a badly injured player in the car they asked if he would drive them to Lachine so as to get there much faster.

They were answered that it was not a stretcher case. He would not drive them and there was no attempt made by the police officer to look at the boy or offer any help of any kind. He was too well seated in his cruiser. So the boys, seeing that they were wasting too much time with such inhuman people decided not to insist any further and drove to Lachine. Upon arrival, luckily enough they were back in civilization. The boy was transferred to the Neurological section of the Montreal General Hospital.

This is not the end of the article as the writer continued, and justly so, in condemning the police department of Ste. Anne de Bellevue.

The writer of this article was a Mr. G.L. Bellemare of Dorval and incidentally is the father of the injured boy. Mr. Bellemare has been instrumental in the development of minor hockey on the Lakeshore. In a recent telephone conversation with Mr. Bellemare, I was told that the boy is now at home but he will never play hockey again. He has lost half his forehead and has completely lost his right eye. He will have to return to the hospital in six months and the final cost will be between 3 and 4 thousand dollars. Mr. Bellemare stated to me that he is not criticizing Macdonald College but is more concerned with the town of Ste. Anne de Bellevue. Even though this incident didn't happen to one of the students of Macdonald, it could quite easily have been so.

GLEE CLUB SPRING CONCERT

Hear Ye! Hear Ye! Hear Ye!

If eleven days hence, on March 12, at eight o'clock in the evening, you should have about one hour or so to spare, which is not vital to your study program, I would suggest that it be devoted to pure entertainment of the oldest type... I mean song!

At this hour we expect a gleeful Glee Club under the direction of that master joketeller, Mr. McKyes, to present the "studious" Mac students with a program consisting of a number of songs.

In their endeavours they will, I believe, be aided by the College Orchestra who think that their appearance is going to be a surprise. A rather welcome surprise it is too!

Furthermore, I think that, with a little persuasion from the audience, Mr. McKyes might consent to lead an audience participation sing-song. Without a doubt this feature, as all the others, will be a smash hit.

Remember! Cash is no factor to be considered. Tickets may be obtained from any member of the Glee Club in exchange for a moderate sum (of money of course!) The Concert will take place on Tuesday, March 12 at 8 p.m. I am willing to guarantee everyone who attends an enjoyable evening. So, see you there if you're not a square!

Jan WESTERIK

HIGHER EDUCATION FOR WOMEN?

Yes! A college education for women should no longer be considered an unnecessary expense of time and money. Education is more than training for a particular profession; it is, to quote the Oxford Dictionary, also "development of character or mental power." It promotes the ability to think clearly and reasonably. It exposes the person, be it a man or woman, to a vast variety of subjects which opens up new fields of interest for that person, and prepares them for a richer, more varied life.

In answer to the accusation that the majority of women will marry soon after they graduate, I say so what? The home is one of the greatest educational agencies. Higher education prepares the mothers of the future to rear their children intelligently. This is true for the woman with an Arts or Science degree as much as for one with a background of education or Home Ec. These women will be better able to prepare their children to be unprejudiced and develop in them natural curiosity to learn.

There is also the practical aspect to be considered. Women are no longer supported by their families and employment opportunities are much greater for a person with a college degree. Although education is important for men who will be working a good part of their lives, many women are in the same position, through choice, or some unforeseen circumstances such as widowhood, or disability of their husbands. Another factor is, with all the modern conveniences, housekeeping does not require all of a woman's time. After the children have grown up and left the home, time hangs heavy on a woman's hands. A woman with a college education is able to re-enter her former field, and become a more useful member of society. All these seem to me to be excellent reasons for keeping the co-eds on our campuses.

ALISON DAVIDSON

ROYAL '64

At a well attended meeting of the College Royal on Wednesday night, Marinus van de Sande, Agr. III, was unanimously elected as President for the 1964 edition of the Royal, a tribute to his fine work as 2nd Vice-President this year. Van de Sande went into this lofty position unopposed.

As he stepped down as 1963 President, Mike Marco thanked his executive and directors for their fine co-operation throughout this year's Royal. He urged the new executive on to a bigger and better Royal next year. He reminded them that it was tradition that the Royal must always improve from the previous year. Charlie Trail then rose and moved a vote of thanks to Mike for a job "well done." This was greeted with uproarious applause lasting a full two minutes.

The executive that was elected at Wednesday's meeting included:

President, Marinus van de Sande;
1st Vice-President, Ann Tanton;
Secretary, Kevin Aucoin;
Treasurer, Matti Pirhonen;
Director of Royal Publications, Ray Nicholson;
Director of Publicity, Charlie Trail;
Booth Director, Harvey MacDonald;
Livestock Director, Grant Colpitts;
Associate Director of Publicity, Rhona Singer;
Director of Education Displays, Diane Gregory.

PROSPECTS BRIGHT FOR GRADUATES OUT JOB HUNTING

In the annual report of the National Employment Service on supply and demand for University graduates, it was estimated that more than 30,000 students will graduate in Spring, 1963, and that the business world is awaiting their influx with open arms.

In greatest demand are graduates in the sciences, engineering and medicine, however, it was noted that pass arts and science students are more and more in demand to fill executive positions.

BE AN AGGIE — AND YOU'LL GET A JOB

"Employment opportunities exist at all three graduation levels" — bachelor, master and doctor. Prospects look good for the student in the biological sciences, in industry, the government and educational institutions. There is a critical need for graduates at higher levels in the physical sciences: chemistry, mathematics and physics.

The following list shows that a degree in Agriculture compares favourably with degrees in General Arts and Science, Honours Biological Sciences, Honours Mathematics, Honours Psychology, Commerce and Business Administration, Commerce for CA Articles only, Home Economics, and Library Science.

Pat Clements

She laid the still, white form beside those which had gone before; no sob, no sigh forced its way from her heart, throbbing as though it would burst. Suddenly, a cry broke the stillness of the dark — one single heart-breaking shriek — then silence. Another cry; more silence than all silent but for a guttural murmur, which seemed to dwell up from her very soul. She left the place. She would lay another egg tomorrow.

MOST LIKELY TO SUCCEED

The student who makes good use of the services of the B of M gives himself a big boost towards ultimate success. Regular deposits in a B of M Savings Account will build you a financial reserve for future opportunities; while proper use of a Personal Chequing Account will keep your finances in line. MAC SPOILS BISHOP'S WINTER CARNIVAL

Last Thursday night, the Mac Aggies journeyed to Bishop's University to help open the 9th annual Bishop's Winter Carnival. The Aggies surely opened the Bishop's Carnival on a sour note as they trounced the Gaitors 5-2 before a typical dead Bishop's crowd. The big gun for the Aggies was Brian "Blinky" Murray who potted 4 of the Aggies 5 goals and assisted on the fifth.

Mac opened the scoring at the 8 minute mark of the initial frame when Murray dented the twine with a spectacular solo effort. Bishop's, after recovering from the primary shock, came back two minutes later to tie the game. At the 15 minute mark, Brian let go with a blistering slap shot from the blue line which the Gaitor's goalie caught. That was unfortunate for him as his hand was broken.

In the middle frame, Murray scored, but the Gaitors retaliated and the score was two all at the end of the period. That was the last of the scoring for the Gaitors.

The Aggies dominated the final period when Murray, Clapp and, once again, Murray fired in goals to make the score 5-2.

With this victory, the Aggies kept their play-off hopes alive and travel back to the Townships this Friday to take on the high flying Frenchmen from the University of Sherbrooke.

G. WYNNE - W. PARKER

BASKETBALL

On Friday, Feb. 22nd, the basketball team journeyed to Ottawa and lost a thriller to Ottawa U. Ted Pratt was tops for Mac with 19 and Reg Greene had 18 to aid the Mac attack. Saturday night, they were run over by a speedy, first-place Carleton team. Art Gauley dunked 14 points for Mac's losing cause.

Tuesday, Feb. 26th, the team defeated the University of Montreal and speedy Ted Pratt scored 19 leading the way with his crowd-pleasing ball handling, and floor shaking rushes. Reg Greene closely followed him with 13 points. This game was a warmup for two big week-end games, the last of the season for the team, against Sherbrooke and our perennial enemies—Bishops! Good luck, fellows!

REG GREENE - BOB MURRAY

HOCKEY STANDINGS

	P.	W.	L.	T.	Pts.
1. R.M.C.	14	11	3	0	22
2. Ottawa	12	10	2	0	20
3. Sherbrooke	13	10	3	0	20

6. Macdonald	13	4	8	1	9
7. Carleton	14	3	9	0	6
8. Bishops	14	3	11	0	6

There will be a play-off for 4th spot if necessary.

BADMINTON TOURNAMENT

The tournament opened in the Stewart Hall Gym, Thursday, February 28th. The proposed schedule is as follows:

Singles

Thurs., Feb. 28th, 1963 —
7:00 - 10:30.

Doubles

Fri., March 1st, 1963 —
7:00 - 10:00.

The semi-finals of the singles and doubles will be held Monday, March 4th, 1963, from 7:00 to 10:30 p.m., in the Stewart Gym.

The tournament should receive lots of interest, with 64 entries in the singles, and 32 teams entered in the doubles. There will be three games being played at once, so there should be lots of action. All entrants are encouraged to check the Draw sheet and be on time, in order that the tournament can be run off as smoothly as possible.

Seniors meet Waterloo!!

The Seniors and Post Grads, confident and enthusiastic, suffered bitter defeat at the hands of the Junior men in inter-class hockey, Feb. 14. Cool and brilliant, Leaky Kennedy was handed another shut-out, backed by a team of hard working defence-men and forwards. P. J. Anderson, with only two minutes left to play, picked off a pass by D. L. MacDonald, to score the only goal of the game. Nasty break '63 — it was your last chance.

REMEMBER THE JUNIOR PROM MARCH 8TH JOINT ATHLETICS

WOMEN'S ATHLETICS INTERCOLLEGIATE HOCKEY

Last Tuesday, Feb. 19th, Mac played host to a team of nurses from St. Mary's Hospital, Montreal. Mac won 10-1, with St. Mary's lone goal coming late in the final period when Mac was short handed, thus spoiling a shut-out for Mac's substitute goalie, Sue Pollock.

Top scorers in the game were Sheila Boyce and Pat McKee with two goals each.

Mac was again victorious on Saturday, Feb. 23rd, when we defeated Howick girls' team 8-0. From the opening face-off, Sheila Boyce scored and from the next face-off, Sam McCallum scored making it 2-0. Unfortunately, one of the Howick girls was hit by a flying puck over the eye and had to be taken to the infirmary. Reva Kanner in the nets had an easy time and chalked up her first shut-out of the season. Scorers in the game were: Boyce and McCallum with two each, and McKee, Hollingworth, Faulkner and Purvis with one each.

Mac played the nurses from St. Joseph's Hospital on Wednesday night, Feb. 27th, and on this Saturday, March 2nd, will host Orms-town girls team at 2:30 p.m. at Glenfinnan. Be sure and come out to support the team in their present winning streak.

INTERCLASS HOCKEY

The interclass hockey play-offs will probably start on Tuesday, March 5th.

The following are the results of last week's games:

FPB defeated H. Sc. III 3-0;

2P defeated H. Sc. II 1-0

H. Sc. III defeated H. Sc. II 2-0

2P defeated F2S

2P defeated 2BD

H. Sc. III tied with H. Sc. I & 2a 0-0

F2S defeated 2BD 1-0

Many of the games are "rough and tumble" and quite entertaining to watch. So, guys, come on and support your girls. They would appreciate a little encouragement to forget their bumps and bruises. (But don't be too rough on the referees.)

ARCHERY

Monday night saw the close of Archery for the year with the Interclass Archery Tournament. The second year teachers (2BD) won the tournament with 96 points. Members of the winning team were: Joanne Buckmaster, Monica Damant, Judy Kyle and Marion Horner. Second place was a tie between H. Ec. III and 2P with 94 points each.

The individual winner was Linda McKellar with 276 points while Joanne Buckmaster, 2BD, was a close second only 5 points behind. Congratulations, girls!

Our thanks go to Joanne Buckmaster, the manager of the Archery club for all the work she has done, not only for this tournament, but all year. And also to Mr. Linder, the coach who has helped us so much.

BASKETBALL

This weekend, Mac will be competing in a Basketball Invitational Tournament in Montreal. Teams competing will be: U.N.B., Y.W.C.A., Queen's, the Grads and Mac. Mac's first game was last night against the Y.W.C.A. at the Montreal High.

On Tuesday night, Feb. 26th, Mac's Intermediate team played host to Basile-Moreau. Mac won easily, 38-21, but their opponents were much improved since their last game. High scorer for Mac was Donna Trenholm with 14 points. This was the scheduled game for the Intermediate team this season.

FENCING

On Saturday, March 2nd, the Mac Fencing team will end its season by participating in a Fencing Meet at John Grant High School. They will be competing against McGill, John Grant and, possibly, Collège Militaire Royal. Good luck, Mac!

SWIM MARATHON

Don't forget the Swim Marathon which starts on March 4th and runs to March 8th. Be sure to enter and earn points for your class. For further information, ask your class reps.

INTERCLASS HOCKEY

This year's Interclass Hockey schedule will be wound up with the playing of the following games:

THURS. FEB. 28:

7:00 PM: Agr. II vs Agr. III.

8:00 PM: Teachers III

vs Teachers II.

9:00 PM: Agr. I vs Agr. IV.

10:00 PM: Teachers I vs Dips.

SAT. MARCH 2:

7:00 PM: Agr. I vs Agr. III.

8:00 PM: Teachers I

vs Teachers III.

9:00 PM: Agr. IV vs Agr. II.

10:00 PM: Teachers II vs Dips.

Saturday night games will be of special interest due to the fact that they are being played as part of the Hockey Marathon.

The finals will be held next week, with dates and schedules to be announced this week-end. Watch the bulletin board for further information.
